MAN SOCIETY TECHNOLOGY
A Journal of the American Industrial Arts Association
Index: Volume 38, 1978–79

Each of the eight (8) 1979 issues of MAN SOCIETY TECHNOLOGY, Volume 38, is numbered chronologically according to month. (September/October is no. 1, November is No. 2 . . . through May/June, which is No. 8.)

When using the index, note that the issue no. will preceed the page number of the information you are referring to, ie: No.3 p6,7 indicates material is in the December issue on pages 6 and 7.

Key to abbreviations: c1 (front cover), c2 (front inside cover), c.3 (back inside cover), c.4 (back cover), A.N. (Association Notes), B.R. (Book Reviews), E.N. (Events and Notes), L. (Letters), M.R. (Media Reviews), T.T. (Technology Today), and W.N. (What's New).
